About PYSP

The Palestinian Youth Smart Parliament (PYSP) is an independent youth initiative established to empower Palestinian youth through leadership, civic engagement, digital transformation, and artificial intelligence.

PYSP serves as an educational and developmental platform that equips young people with the knowledge, skills, and confidence needed to become responsible leaders capable of creating positive change within their communities and beyond.

The Parliament promotes democratic values, innovation, volunteerism, entrepreneurship, intercultural dialogue, and international cooperation while embracing emerging technologies to prepare youth for the future.

"A platform where Palestinian youth lead, innovate, and connect with the world."

Learning & Leadership

Artificial Intelligence Academy

Training young people in AI tools, prompt engineering, digital productivity, and emerging technologies — building the practical skills youth need to thrive in a digital future.

Leadership Development Program

Developing leadership, communication, public speaking, and decision-making skills that prepare young people to take on responsibility with confidence and integrity.

Civic Life & Community

Youth Parliament Sessions

Providing practical experience in democratic dialogue, policy discussions, and parliamentary debate — a hands-on training ground for civic responsibility.

Community Initiatives

Supporting youth-led volunteer projects that create positive social impact and strengthen a culture of service within Palestinian communities.

Innovation & Global Dialogue

Innovation & Entrepreneurship

Helping young innovators transform ideas into sustainable projects, with mentorship and structured support from concept to launch.

International Youth Dialogue

Connecting Palestinian youth with young people worldwide through online forums, conferences, debates, and cultural exchange.
